Login Instructions for SafeSchools Training

Hello Staff!

We are pleased to offer a new way of delivering the safety training that you're required to complete each year. Using the SafeSchools Training system, you'll be able to complete your training via the Internet at your convenience - even from the comfort of your own home! Group Training is also available.

How to log on to the SafeSchools Online Training Program:

1. Using your web browser, go to the web page
<http://wayland.mi.safeschools.com>.
2. You should have received an email on October 31st with your user name to log in to the system along with the required training for your position.
3. Your assigned course or courses will also be listed on your personal SafeSchools Training home page under "Mandatory Training."
4. Select any course by simply clicking on the name of the course. The courses have audio so turn up your speakers if you wish to hear the narration. Complete all the training scenarios and the assessment to receive completion credit for the course. You will have the option to print out a Certification of Completion once you successfully complete the course.
5. We do not need a copy of the certificate; we are using electronic records to record compliance in the HR office.

If you have any questions or problems with the site, please contact:
